OMB Control Number: 3170-0001.

Type of Review: Revision of a previously approved information collection.

Affected Public: Business and other for-profit institutions.

Estimated Number of Respondents: 615.

Abstract: This collection incorporates two information collections of credit card data by the Bureau that used to be collected under separate OMB Control Numbers. OMB Control No. 3170-0052 is being incorporated into OMB Control Number 3170-0001. Each collects different forms of credit card data from credit card issuers, as required by the Truth in Lending Act (TILA), 15 U.S.C. 1601, *et seq.* and implementing regulations:

–Form FR 2572 collects data on credit card pricing and availability from a sample of at least 150 financial institutions that offer credit cards. The data enables the Bureau to present information to the public on terms of credit card plans;

–Sections 204 and 305 of the Credit Card Accountability Responsibility and Disclosure Act of 2009 (CARD Act), amending TILA, and 12 CFR 1026.57(d) and 226.58 require card issuers to

submit to the Bureau:

- agreements between the issuer and a consumer under a credit card account for an open-end consumer credit plan; and
- any college credit card agreements to which the issuer is a party and certain additional information regarding those agreements.

The data collections enable the Bureau to provide Congress and the public with a centralized and searchable repository for consumer and college credit card agreements and information regarding the arrangements between financial institutions and institutions of higher education.

Request for Comments: Comments are invited on: (a) Whether the mandatory collection of information, pursuant to statute, is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Dated: May 18, 2021.
